....national employers focal point on OSH, Disaster Mitigation, Business Continuity and Environmental Issues.

The Dominica Employers' Federation [DEF] and The OSH Institute of Dominica [TOSHID]

## PRESENT

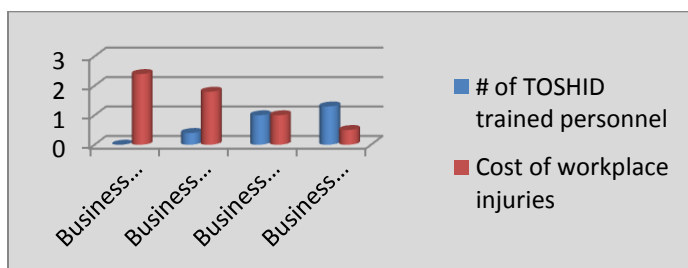

### PROFESSIONAL - OCCUPATIONAL SAFETY & HEALTH [P-OSH]

This is a six-morning professional training, development and certification course, spanned over two weeks.

This is a graduate qualification. Prerequisite: L-OSH or other similar content certification.

TOSHID's Professional in OSH is the benchmark graduate qualification in the Dominican OSH profession.

The recent flood of class action suits served on employers, for illnesses brought upon former employees for asbestos-related health complications, have served as a wake-up call for those involved in heating, cooling, ship yards, fibre-glassing, roofing, under-ground ducting and other related activities. The end of an employee's tenure with an employer is no guarantee that the employer's liability has ended. On the other hand, a regime of safety in the workplace, and management's taking responsibility for employee care, can reduce significant employment and post-employment costs.

Monsanto Roundup has been designated "**probable human carcinogen**" by WHO. Three recent lawsuits against Monsanto saw Judges awarding some US\$2,369,200,000.00 [2 billion, 369 million, 2 hundred thousand dollars]. This figure was later revised to US\$189,700,000.00 [189 million, 7 hundred thousand dollars], still a very mighty figure.

**Course Coming:** 23, 24, 25, 26, 27 & 30 September, 2019, Roseau, DOMINICA

**Led by:** Eddie Scotland, Ph.D; Priscilla Prevost, MPH; Josiah Dupuis, Fire Safety Consultant; A. Chris Joseph, Board of Standards, TOSHID.

**Venue:** DPSU Training Facility, Cnr. Boyd's Avenue and Windsor Lane, Roseau, DOMINICA

**Time:** 8:45 am to 1:00pm (UTC-04:00) Roseau, Georgetown, San Juan.
